Eclipse

The Eclipse range is as dynamic as it is sophisticated. The curved shape of the glass door and sides lift the bottom corners away from the floor enhancing its floating appearance. Gone are box corners but cabinet space and practicality are not compromised. The Eclipse has an ingenious and unique soft open / easy close door. Push the door catch and let the door gently open all by itself. To close, simply lift the door back up with one finger. This elegant movement reflects the exceptional quality of the cabinet where AV units are neatly stored in stylish simplicity.

Contrasting black veneer interior

Soft open / easy close door
